REEM RAMZY MOHAMMED

Senior Full-Stack Engineer

Alexandria, Egypt | Open to Relocation | +20 155 115 7579 | reemramzym@gmail.com
LinkedIn | GitHub | Portfolio

PROFESSIONAL SUMMARY

Full Stack Software Engineer experienced in building and maintaining web applications, APIs, payment systems, logistics platforms, and real-time features using Laravel, PHP, Vue.js, React.js, Nuxt.js, and Next.js.

Strong background in backend architecture, third-party integrations, WebSockets, database optimization, AWS deployment, production support, and technical coordination across development, product, and QA teams.

PROFESSIONAL EXPERIENCE

Senior Full Stack Developer | Nahr Development
2024 – 2026 | Hybrid

- Built and maintained web applications and mobile backends using Laravel, PHP 8+, Vue.js, Nuxt.js, React.js, Next.js, and TypeScript.
- Designed REST APIs, backend services, database structures, and third-party integrations for logistics, delivery, fintech, and internal business platforms.
- Developed real-time delivery features including live location tracking, driver assignment, order updates, notifications, and in-app messaging using Laravel Reverb and WebSockets.
- Built payment functionality including transaction processing, wallets, refunds, pricing rules, discounts, and financial reporting.
- Integrated payment gateways, mapping services, SMS and email providers, social authentication, and AI APIs.
- Improved application performance and reliability using Redis, queues, scheduled jobs, database indexing, query optimization, and caching.
- Deployed and supported applications on AWS EC2 and Linux servers using Nginx, Apache, SSL, Supervisor, Docker, and GitHub Actions.
- Reviewed code, supported developers, coordinated with product and QA teams, and resolved production issues through debugging and log analysis.

Freelance Full Stack Developer
2022 – 2024 | Remote

- Delivered end-to-end Laravel, PHP, Vue.js, and WordPress applications for clients across multiple industries.
- Gathered requirements, proposed technical solutions, and managed projects from planning through deployment and maintenance.
- Built REST APIs and backend systems for web and mobile applications.
- Developed e-commerce and payment functionality including checkout, order management, payment gateways, and transaction records.
- Integrated external APIs, email and SMS services, social authentication, and third-party platforms.

Back-End Developer | Altatawwar Company
2018 – 2019 | Alexandria, Egypt

- Developed and maintained PHP and MySQL backend features for business applications.
- Designed and optimized database schemas, queries, relationships, and indexes.
- Integrated external APIs, supported deployments, and resolved production issues.

TECHNICAL SKILLS

Backend: Laravel, PHP 8+, Python, Django, REST APIs, GraphQL, OOP, SOLID, MVC, Design Patterns, OAuth2, Token-Based Authentication, WebSockets, Queues, Scheduler, Swagger/OpenAPI

Frontend: Vue.js, Nuxt.js, React.js, Next.js, JavaScript ES6+, HTML5, CSS3, Tailwind CSS, Bootstrap, Responsive Design

Databases: MySQL, Redis, Database Design, Query Optimization, Indexing, Performance Tuning

Cloud & DevOps: AWS EC2, Docker, Linux, Nginx, Apache, Supervisor, GitHub Actions, CI/CD, SSL, VPS Management, Deployment Automation

Real-Time & Fintech: Live Location Tracking, Delivery Systems, Real-Time Notifications, Live Chat, Payment Gateways, Wallets, Transaction Processing, Refunds, Pricing and Discount Logic

AI Integrations & Development Tools: AI APIs, Chatbots, OCR, Speech-to-Text, Structured Outputs, Function Calling, Workflow Automation, Claude Code, GitHub Copilot, AI-Assisted Debugging, Refactoring, Test Generation, and Documentation

Additional Languages: Familiar with C and C++

Tools & Practices: Git, GitHub, Agile, Scrum, TDD, Clean Code, Code Reviews, Technical Planning, Debugging, Application Monitoring

EDUCATION

Bachelor of Engineering – Electronics and Communication Engineering | class of 2016
Arab Academy for Science, Technology & Maritime Transport

GPA: 3.2/4.0 | Graduation Project: Brain–Computer Interface — Grade: A+

LANGUAGES

Arabic — Native | English — Fluent
